

Introduction:

...

Questions: (* questions can be used for evaluation)

1. I am giving you a simple test. Following box contains 10 numbers. You have two buckets. You have to put the even numbers in one bucket and odd numbers in another bucket. Write down the steps to separate the odd and even numbers as an iterative process

4	31	55	68	87	3	46	18	79	10
							•••••		•••••
••••		•••••			• • • • • • • • • • • • • • • • • • • •				
					• • • • • • • • • • • • • • • • • • • •				
					• • • • • • • • • • • • • • • • • • • •			•••••	

Name: Class: Div: Roll. No:

2. Here is another practice test for you. I am giving you a set of numbers as shown below. I need to separate and count the numbers divisible by 5. Write down the steps to count and separate the numbers divisible by 5.

5 2	43	98	60	95	133	15
	45	20	88	30	105	210
				• • • • • • • • • • • • • • • • • • • •	•••••

•••						

Name: Class: Div: Roll. No:

3. Another test. I am giving you a list of names below. Count how many names are starting with the alphabet "S". Write down the steps to count the names starting with "S" from the below list of names.

	Akshay	Saurabh	Neha	Sameer	Pooja	
	Shweta	Arnav	Shekhar	Deepa	Sanket
