3 Draw the Zombie's clothes.

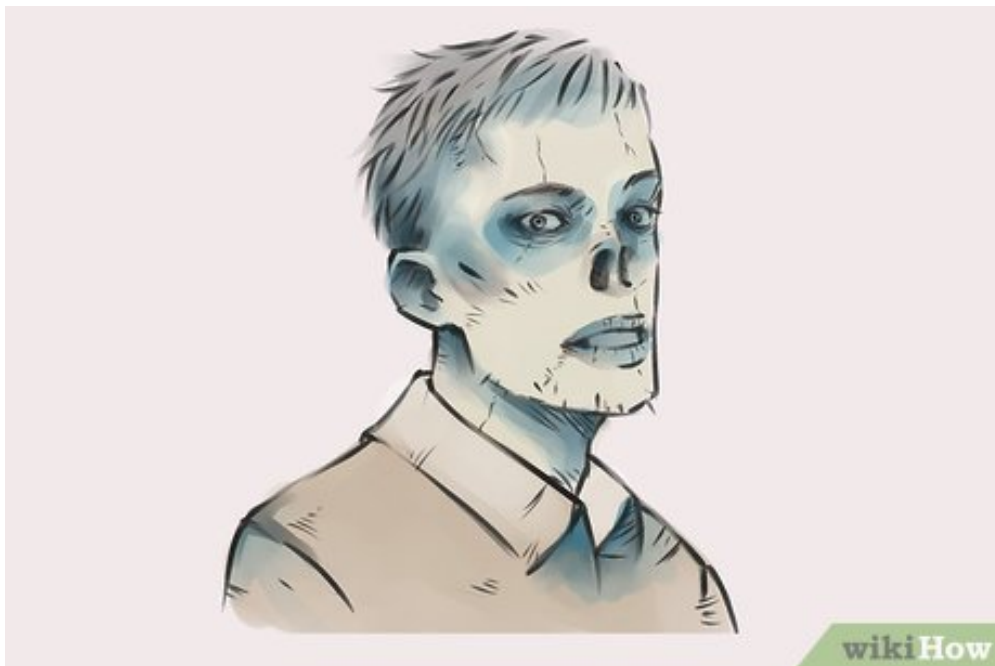

- 4** For an even more rugged and dirty effect, sketch random small lines all over his face and body.

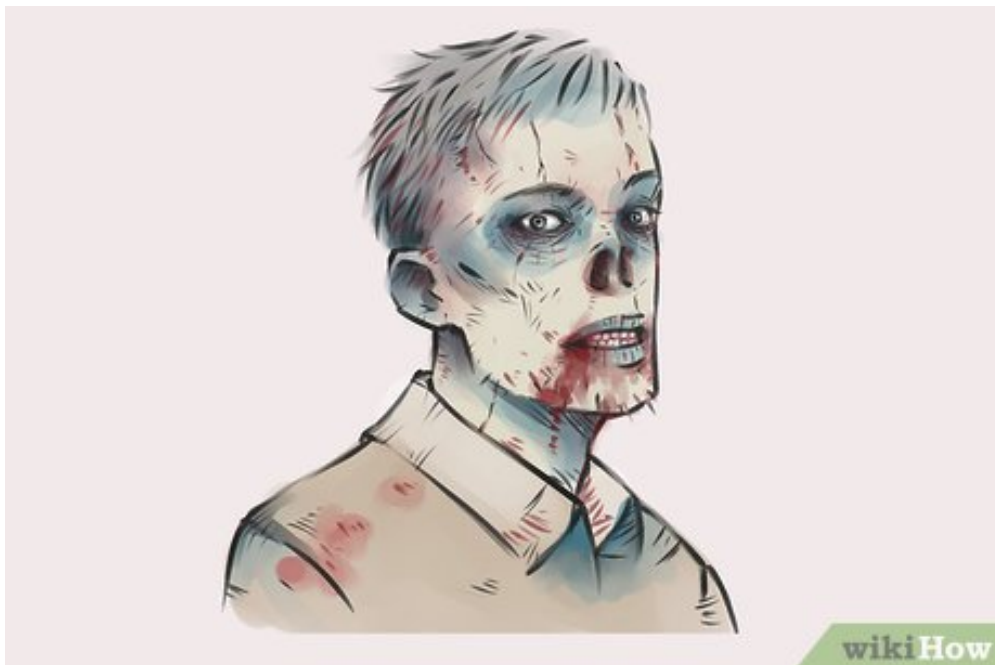

- 5** **Color the drawing.** Choose the colour palette that makes the Zombie look pale for a more dramatic effect.

6 Add a shadow effect by darkening a few areas on the Zombie's body.

7 Adding blue tones especially on the eye sockets and other hollowed areas of the face help make the Zombie look pale and scary.
